Hot Fight In Democratic Caucus at Indianapolis Results in Morning Choice of South Bend Leader—Progress of Race.

Shively, 42; Kern, 35; Lamb, 4; Menzies, 4; Charles Mann, 1.

John W. Kern, who had a good lead on the first ballot, was unable to muster enough strength to win the prize. At 1:20 this morning his followers tried to force an adjournment of the caucus, but were defeated by one vote.

Mr. Shively is a native of the county where he resides and is 52 years old. He has been prominent in Indiana politics for many years. He was a member of the Forty-eighth, Fiftieth, Fifty-first and Fifty-second congresses, each time being chosen from a Republican district.

He was the Democratic candidate for governor in 1896 and received the Democratic vote of the legislature for United States senate in 1903. He is president of the board of trustees of Indiana university.

in the most infernally complicated bit of mechanism in the world today, and those who incline to psychological speculations, are fully aware that in a half dozen facts must fall in line before a play can become a success. The play must in the first place be a big theme; it must be of symphonic, rather than of symmetrical, nature; it must hold a reputable interest; it must be a well played thing; it must be mentally correct; and lastly the audience must be attuned with the conditions. If any one of these fall out of line, the play falls.

It is an American with the great big heritages of freedom and ability to draw upon. It is this quality that stands out like a star against the dull background of European facts and environment, and is made all the more prominent by virtue of the contrast. The homely American humor is twice as effective when thrown against the blank wall of foreign custom, and the play wins its greatest appeal on this ground alone. From the moment the curtain rises, the America that is known and loved stands forth to do battle for the right or at least that is what is said.

DENTAL CHAT

Have you in rambling in the woods ever stepped upon a fallen tree and had it cave in with you because its heart was eaten out with decay? It was hollow.

Just so will it be with your teeth if you neglect them.

My patients are continually saying to me:

My teeth decay so rapidly.

Why, it was only last week that I first noticed any trouble with them.

The truth was:

This decay had been going on for years until the tooth was hollow and a wreck inside its enamel shell.

Had a Dentist been consulted regularly twice each year the trouble would have been discovered and remedied before damage was so great.

Good teeth lengthen life.

Loss of teeth shorten life.

What are you doing about yours?

ROSA MATTER IS
BEFORE SESSION

LIVELY TIMES AT THIS AFTER-NOON'S MEETING OF BOARD.

THE JUDGE DEFENDS ACTION

Committee Says That He Acted Illegally—Morning Session Full of Interest.

Matters are moving along in a most lively manner at the county board this session. Barely have they decided the troublesome question of salary of the county orders, fixed the salary of the superintendent of the poor farm after strenuous debate, than up comes the question of Judge Rosa's salary.

This promised to be the most difficult nut for the members to crack of any that will be presented to them. The matter was one of law according to the opinion of the special committee and one of justice according to Judge Rosa.

It all grows out of the fact that County Chairman Gettle held up the December pay checks of Judge Rosa and his clerk of court, A. D. Roadhouse, on the grounds of the legality of Judge Rosa's absence.

Chairman Gettle believed that Judge Rosa had not acted within the law and ordered the stoppage of his pay rather than find out later that the county must see the Judge and Roadhouse to recover.

When the board convened a special committee consisting of E. F. Livermore of Beloit, Miller of Afton and Smith was named to make a report on the matter after due deliberation.

This report came this afternoon and was adverse to Judge Rosa and his assistant, A. D. Roadhouse. It immediately brought forth a strenuous opposition on the part of Judge Rosa, who was present to watch after his interests.

The committee's report was that Judge Rosa had exceeded his powers in appointing Roadhouse to act in his place and under the law \$5 a day should be taken from his salary.

The report also showed that Judge Rosa had been absent from his court seventy-four days since he took his seat and that during his absence Roadhouse had acted illegally in his place.

Judge Rosa's reply was spirited in the extreme. He gave his opinion that under the constitution the county board had no right to hold up his salary, that special provision was made for this under the law which created the court.

The report of the committee went into detail of Rosa's absence from the court, giving dates and length of stay. At four o'clock Judge Rosa was still holding to the board, arguing as to the legality of their action in holding up his salary.

The first business of the afternoon session was the special committee. Sup. Livermore, chairman, gave this report, before giving the report he introduced a resolution that,

Whereas, The banks of Beloit which have the county money on deposit have authorized the statement that they will provide and pay for the fire insurance on money up to \$1,000.

An amendment to this was immediately introduced by St. P. Richards, son provided that the Building Committee be authorized to secure burglar insurance for \$3,000 and to pay for that insurance a sum not exceeding \$30. There was some talk over this and the resolution was put to a vote and defeated.

Mr. Livermore stated that in explanation of his measure it was made to read one thousand dollars only to limit the amount that the Treasurer could hold in the vault as but \$500 had been stated by the treasurer to be enough to handle the business of a day.

It was made on thousand dollars so that if an emergency would arise that the treasurer would need that much to satisfy a demand he would have the money.

Morning Session

This morning at the session of the county board of supervisors the special order of yesterday to fix the salary of the superintendent of the assay at \$900 was brought up, having been held over to today from yesterday. After some discussion as to continuing the salary which Mr. Kilham received and as to lowering it to \$800, a resolution was passed fixing Mr. Kilham's salary for this year at \$1,000.

J. L. Bear opened the discussion by saying that he saw no reason why the salary should be cut, as Mr. Kilham's duties would be as numerous as were those of Mr. Kilham, and that the work required of him to be on duty 305 days in the year and that the job was not altogether a desirable one.

Bear stated that in his opinion Mr. and Mrs. Kilham were the most suitable persons, besides Mr. and Mrs. Kilham, who were the most suitable persons, besides Mr. and Mrs. Kilham, as could be found in the county.

Supervisor Richardson raised the question as to how much the superintendent received, if the salary of his wife and secretary with the amount paid by the county for their board and lodging would amount to. Investigation showed that the nation received \$20 a month and the secretary the same, with their board, light and fuel.

It was suggested by Supervisor Livermore that Mr. Kilham be given \$900 to begin with and then as he deserved it to have his salary raised from time to time. Mr. Bear said that if they cut the salary would it not be establishing a new precedent. Mr. Livermore replied that the salary of every sheriff had been cut when they took office, to which Mr. Bear answered that it was their own fault.

Supervisor Richardson's remarks were that if any man who took the office, the hardest in Rock county, was not worth \$1,000 then he had better be put out of office. Others said that the family of the superintendent could not be taken into consideration, and Sup. McEvoy stated

THE TAXATION LAWS

Governor Davidson Points Out Defects

LEGISLATURE GETS MESSAGE

Urges the Lawmakers to Act—Discusses Need of Income Tax and Change in Inheritance Tax—Asks the Discontinuance of Waterways Commission.

Madison, Jan. 13.—Gov. James O. Davidson sent his message to the state legislature which convened in biennial session on Wednesday. The message contains a number of important points, and is a most interesting study of the present condition of the state and the needs of the people.

After commenting on the prevailing "general prosperity within the state," the governor goes on to give an itemized statement of the state's financial condition.

Estimate of Revenues.
Total estimate of revenues, June 30, 1908, to June 30, 1909, \$1,327,277.00.
Total estimate of expenditures, June 30, 1908, to June 30, 1909, \$1,327,277.00.

Estimate of Expenditures.
Total estimate of expenditures, June 30, 1908, to June 30, 1909, \$1,327,277.00.

The governor then discusses the need of an income tax, and the change in the inheritance tax, and asks the legislature to act on these matters.

He also discusses the need of a waterways commission, and asks the legislature to discontinue it.

The governor concludes his message by expressing his confidence in the legislature and the people of the state.

The legislature will convene on Monday, January 15th, at 10 o'clock a.m.

The governor will deliver his message to the legislature at 11 o'clock a.m.

The legislature will adjourn on Friday, January 19th, at 12 o'clock noon.

particular industry where they are engaged in business, and the law should be amended so as to permit some supervision by a central authority over local assessments.

If this statute is finally held to be unconstitutional as an interference with the right of private property, it is safe to assume that the people are vitally interested in a just and equitable system of taxation, and that it is not an idle dream to expect that the present methods of local assessment in order to secure a just system, they would not change to a system of taxation which would be more equitable and progressive, and that reasonable exemptions may be provided.

Through this amendment it is proposed to furnish some relief to the taxpayer, and to provide that they be graduated and progressive, and that reasonable exemptions may be provided.

amended so as to provide for taxation at a graduated rate on gross earnings, based on a classification of companies into groups other than those earnings over and under \$100,000. There is no valid basis for taxing one company earning \$100,000 or under 2 1/2 per cent, and one earning \$200,000, four per cent. The classification of the law, therefore, should be changed by making several classes with a graduated percentage tax.

Public Utilities.
In regard to the laws regulating public service corporations the governor, after reviewing the present workings of the law, declares that the classification of the commission the duty to investigate and report on exorbitant charges paid for freight transportation and providing for a refund in case the commission finds the charges is unlawful, has been found to be defective in not giving jurisdiction where the commission is not satisfied with the charges in connection therewith, such as so-called damage charges. This provision of the act is burdensome to the commission and probably should also be amended so as to limit the jurisdiction of the commission to charges involving a fixed minimum amount.

I am inclined to the opinion that the statute providing for regulating rates of transportation of property are defective in permitting common carriers to raise their rates without first obtaining authority from the railroad commission. The only restriction upon raising rates is the provision under which a change in them shall not become effective until ten days after the tariff office has given its approval to the change.

It is easier for the commission to prevent an unjust rate before it is promulgated than to readjust it after it is established. Such an amendment would, no doubt, tend to discourage excessive rates, and it would permit such increases where changing commercial conditions require them.

In my opinion chapter 276, Laws of 1907, placing the supervision of the issue of stocks, bonds and other securities in the hands of public service corporations under the jurisdiction of the railroad commission, should be amended so as to include telephone companies.

Education.
The last biennial period has been one of unusual activity along all educational lines. The university has largely increased its enrollment and has been compelled to add many members to its educational force. The state normal schools have made gains in numbers of students.

Carpenters' Union Elect.
Indianapolis, Ind., Jan. 14.—Announcement was made today of the result of the vote for national officers of the United Brotherhood of Carpenters and Joiners after several days' work by tellers at the headquarters in Indianapolis. The count shows the following to have been elected: President, William D. Huber, general secretary, Frank Duffy; general treasurer, Thomas Neale.

JANESVILLE WOMEN ARE FINDING RELIEF AT LAST

It does seem that women have more than a fair share of the aches and pains that afflict humanity; they must "keep up" must attend to duties in spite of constantly aching backs, or headaches, dizzy spells, bearing-down pains; they must stoop over, when to stoop means torture. They must walk and bend and work with aching limbs and many aches from kidney ills. Kidneys cause more suffering than any other organ of the body. Keep the kidneys well and health is easily maintained. Read of a remedy for kidney ills only that helps and cures the kidneys and is endorsed by people you know.

Mrs. Elizabeth Cutts, living at 108 N. bluff St., Janesville, Wis., says: "I have used Doan's Kidney Pills at different times for several years, passed whenever my kidneys needed a tonic and have always received the best of results. My system was filled with uric acid poison and other symptoms of a diseased condition of my kidneys. Doan's Kidney Pills rid me of this trouble and since then other members of my family have taken them with the same good results. I do not hesitate to say that I consider Doan's Kidney Pills one of the best kidney remedies on the market today."

In speaking of the new capital building the governor declares that it is a masterpiece of architecture and that it is a credit to the state. He also says that it is a credit to the state.

Primary Election Law Defective.

One statute, providing for the nomination of candidates for office by direct vote of the people, has passed the experimental stage, and the governor has declared that it is a masterpiece of architecture and that it is a credit to the state.

Where the statute is applied, and great credit is manifested in the nomination of candidates, members of the political party will be able to nominate their own candidates for office by direct vote of the people.

Industrial Accidents.

When It Is Dyspepsia,
You'll Know ItThat's different from Indigestion. You may experience the
first symptoms of Indigestion without knowing what they
really portend. Kodol, however, prevents Dyspepsia by
providing for complete digestion.

Where there is complete and perfect digestion there is, of course, no room for dyspepsia. And it is, for various reasons, more satisfactory to prevent dyspepsia than to attempt to cure it. Fact is, you must depend upon Nature for a cure, and Kodol assists Nature.

Nature will cure a sick stomach quicker than any medicine in the world—if you give Nature a chance. But Nature cannot cure the stomach while the stomach is overworked. That is impossible.

In order to be cured the stomach must rest. That is the point. And that is what Kodol is for—the rest of the stomach. It digests every particle of food for the stomach, so that the stomach has nothing to do but get well. Then it gets well.

You would be surprised if you knew how many persons have indigestion. And, of course, most of them have dyspepsia, ultimately—if they neglect the indigestion. Then Nature is in urgent need of assistance. And nervous dyspepsia is a terrible thing to those afflicted with it.

Kodol supplies this assistance just the same, in the early stages of indigestion. But more time and more rest are required for Nature to effect a cure. It is best not to wait until one gets dyspepsia.

Nearly all classes of people are subject to indigestion. Healthy appearance outwardly is no indication of a healthy stomach. Neither are sound muscles any safeguard against an unhealthy stomach.

The indications of digestive derangement are bloated feeling, gnawing pain in the pit of the stomach, sourness of stomach, belching of gas and unassimilated food, heartburn (so-called), diarrhoeic condition, headache, dullness and lassitude, etc. When you experience any of these, you need Kodol.

Kodol is a digester of unquestioned merit. Unquestioned, because one cannot question the merit of a thing that does all it is claimed to do, or was intended to do. Kodol does this. It completely digests all food. That is all that is required, because Nature does the rest.

But what you want, let Kodol digest it. You don't have to take Kodol all the time. You only take Kodol when you need it.

Washington, Jan. 14.—Senator Till-

part when he arose to a question of

personal privilege and replied to the

statement given out by Mr. Bonaparte,

which seems to raise a question of

veracity between the attorney-general

Two points of difference were devel-

instituted on September 4, 1908,

against the railroad company hold-

ing the land which Mr. Tillman sought

to purchase. The other was a declara-

clear that he desired to purchase, and

was negotiating for some of the tim-

Mr. Tillman insisted that he did

explain his personal interest in the

ROSA MATTER IS BEFORE SESSION

(Continued from page 5.)

that he did not think that if the matter was other than the wife of the superintendent, a woman of executive ability, she could not be secured for \$20 a month.

There was a call for the motion and the ayes and noes to be called. The original motion fixing the salary at \$800 was lost by a vote of 23 to 10. A motion was then made by Rep. Simon Smith to fix the salary at \$1,000. This was amended to read \$1,200 by Supervisor Paul. The ayes and noes were called for. The amendment was defeated by 21 to 18. The original motion was carried by a vote of 23 to 10.

A complaint was made that one of the rooms of the Courthouse was being used by the court reporter for an office and it was desired that it be explained whether this had been done with the consent of the building committee.

The chairman arose and explained the matter, saying that Mr. Grant had asked the committee for permission and they had been undecided as to whether to give it, but he had called them up later saying that the other fellows were willing, so permission had been given.

The question of the amount of money required for heating the place had not been considered then, as the permission had been given in the summer. However if the board desired it the heat could be turned off in that room. Several suggestions as to the fact that there were county officers who did not have offices and who might use the room were made.

S. S. Jones closed the discussion by saying that the thing had been done merely as an act of courtesy. "I want you to understand that we are a courteous committee."

A telegram from a bonding company, to which Mr. Barless had applied, was read in which they wished that bonding papers be sent to them at once. It was thought that the necessary bond would be furnished to him.

The report of the District attorney having been handed back from the committee as being satisfactory, was adopted.

A petition for relief for blind persons was filed by Oscar B. Ballard, signed by Matthew Ballard and John Keller. Dr. Wamford's report of having examined the applicant and found him to be blind was included in the petition.

Chairman Gettle said: "Let it be referred to the blind committee." There was some question as to whether or not this petition could be acted upon. In the opinion of some of the members, it should have been filed five days beforehand.

Adjournment was made until half-past one to look into the rule governing this matter. In yesterday's report of the proceedings, an error was made in the statement that the resolution regarding the use of the stamp, "Payable at Belfast State Bank." The County Clerk did not as stated request that this resolution be introduced.

The report of the District Attorney was read and accepted and referred to the committee in charge of those matters. Sup. McElroy read the report of committee No. 9, which checks the reports of the disbursing officers of the county. Travelling expenses from May 12 to Dec. 31, amounting to \$150, were allowed Superintendent Antisdel.

\$25 A VOTE IS SCALE SET BY FORMER BANKER

Testimony in Pittsburg Graft Case Is of a Sensational Order—Expose Dropped for Present.

Pittsburg, Pa., Jan. 14.—J. B. P. Rinehart, accused of wrecking the Farmers' and Drivers' National bank of Waynesburg, Pa., of which he was vice-president and cashier, contrary to expectation, did not yesterday continue his expose of Greene county political practices and the names of the "twenty or thirty others," who, according to his testimony were permitted to draw checks for political purposes against the James L. Jams, trustee, account—a pool of over \$188,000 made up for the campaign of 1905—were not introduced.

It was shown that there are 7,500 voters in the county and that in this campaign Rinehart's side alone spent an average of \$25 for each voter.

An agreement was reached to give the case to the jury today and District Attorney Dunkle occupied yesterday afternoon addressing the jury. He insisted that the evidence proved conclusively that there were many false entries in the books, that much money was spent recklessly and that criminal acts were committed by the cashier.

Attorneys for Rinehart pleaded for the banker in the morning, Assistant Attorney General Fowler closed for the prosecution and Judge Young was scheduled to charge the jury this afternoon.

GIVEN SENTENCE IN LEAVENWORTH PRISON

Albert and Hugo Donnerstag Must Serve Four Years for Counterfeiting—Rudolph Taken to Madison.

United States Marshal Rock Platt arrived in Janesville late yesterday afternoon to take back to Madison Rudolph Donnerstag, the last of the trio of Philadelphia counterfeiters, who were brought to the Rock county jail for safe keeping. Rudolph lost his leg, being hit by a bullet while trying to resist a deputy marshal after his escape from jail in Madison and has been at the Mercy Hospital here for care. His two brothers yesterday pleaded guilty in the United States court at Madison and were given sentences of four years each in the Leavenworth national prison. Rudolph was arraigned today.

THROWN FROM RIG AND HIS LEG WAS BROKEN

Broadhead Young Man Injured While Driving a Team of Colts.

(SPECIAL TO THE GAZETTE.)

Broadhead, Jan. 14.—Mr. Otto Knudson, son of Mr. and Mrs. Thos. Knudson, who reside east of the city, was hurt in a runaway accident. He was engaged in hauling hay with a team of colts when they became unmanageable and ran away, throwing him from the top of the load and breaking his leg in three places below the knee. A physician reduced the fracture and he is getting along very well.

Fire destroyed the barn at the home of Rev. Retzschmiller late yesterday afternoon. It was with difficulty the horses and harness were gotten out. Food and other things were consumed with the barn. How the fire started is a mystery. The loss is not heavy.

FRANK CAMERON'S WILL IS OF CONSIDERABLE INTEREST

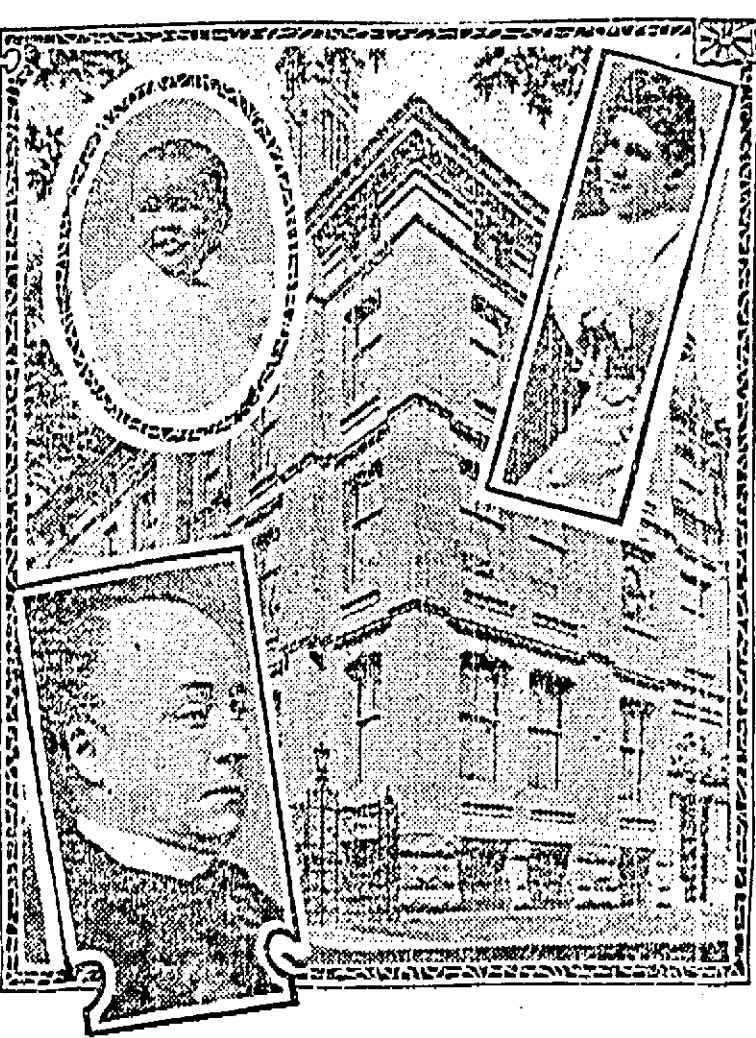

Wealthy Lumberman Leaves Large Estate to Be Used for Son's Benefit.

(SPECIAL TO THE GAZETTE.)

Grand Rapids, Wis., Jan. 14.—The will of the late Frank J. Cameron was filed in probate court in Milwaukee on Monday, the instrument having been drawn in November, 1904, by Geo. L. Williams, then a practicing attorney in Milwaukee but at present living in Grand Rapids.

By the terms of the will the widow, Carrie T. Cameron, and the only child, Adrian Edgar, share equally the net income from the estate. Geo. L. Williams, as trustee, is given power to manage the estate to decide how much of the boy's annual income is necessary for his proper maintenance, the remainder to be invested until the son has reached his majority. Then he is to be given full control of his income and also receives his father's watches, chains and diamond ring. At this time the wife and mother receives her dower right of one-third the estate.

Mr. Cameron was, at the time of his death, vice-president of the Milwaukee-Cameron Lumber company, and had made Milwaukee his home for the past six years, moving there from Grand Rapids.

THE BOYCOTTERS' CERTIFICATE A BADGE OF HONOR IN TURKEY.

While the United States courts are deciding against the boycott in the United States the Turkish people take pride in possessing the above certificate, which indicates they are boycotting Austria and Austrian merchants every occasion. Translated this reads: "Notice to the public—Diploma of participation issued by the syndicate of boycotters, organized against the Austrian merchants."

It is this little diploma, so-called, and the system back of it, which will undoubtedly bring about a war in the spring between Austria and Turkey. The feeling is so intense between these two countries that foreign papers seem to think the inevitable outcome will be a war to decide the supremacy in the Balkan states.

MAKES CHARGES AGAINST SEVERAL PROMINENT MEN

(SPECIAL TO THE GAZETTE.)

Shelbygan, Wis., Jan. 14.—In a personal communication read to members of the city council, Mayor Theodore Diekmann accused Arthur Winter, president of the M. Winter Lumber company, Charles Kade, vice president of the same company, C. A. Horn, proprietor of the city sanitarium here, and Ernest Gonsenbach, general manager of the Shelbygan Light, Power and Railway company, of having issued a circular "Appeal to the Workmen," printed in the German language and circulated about the city recently, in an effort to inspire the laboring class to vote against the purchase of the City Water company's plant.

It is stated that at least one of the men had absolutely nothing to do with the matter, and Charles Kade, one of the men accused has already placed the matter in the hands of his attorney, and libel suits will undoubtedly follow.

Andrew Kordlek, aged 22 years, narrowly escaped death yesterday, when a bonnet on a 2-inch steam valve flew off, causing the scalding steam to envelope him. To escape fatal burns, Kordlek jumped from the engine, which is located at the pumping station, to the ground, ten feet below where he landed on a mass of tin pipes. Besides breaking his arm, he sustained severe bruises and burns.

Spinal meningitis, resulting from a short illness with typhoid fever, caused the death of Minnie Vorhulst, aged 17 years, and another death is added to the long list of fatalities, since the typhoid epidemic started here.

His apron catching in the door of an enameling oven, which he had just opened, William Costach, an employe at the Kohler Sons' plant at River side, was almost roasted alive by the intense heat escaping from the oven. The man was alone at the time, and had his apron not ignited and burned itself loose, the man would have been burned to death. As it is, he is now here at St. Nicholas hospital at the point of death.

PRESIDENT-ELECT DRAVES RAIN.

Taft Plays Golf at Augusta, Ga., Despite Downpour of Rain.

Augusta, Ga., Jan. 14.—In a cold rain which continued all day Mr. Taft covered the golf course yesterday. He gave up the balance of the day to his office work, aside from giving a short space of his time to Dr. Henry B. Prochett of New York, president of the Carnegie fund for the foundation of teaching. The Taft family dined last night at the residence of Maj. J. W. Joyce, commandant of the government arsenal located here.

Frank H. Hitchcock and John Hays Hammond left for the north on the same train yesterday. Both expect to return here before Mr. Taft leaves for Panama.

HARD LABOR FOR EX-FINANCIER.

Embezzler Cardenio King Gets Term of Ten to Fourteen Years.

Boston, Mass., Jan. 14.—Cardenio Flavin King, formerly financial agent and broker, who maintained palatial offices in Boston and New York, and who for a short time was publisher of a daily paper here, was last night sentenced by Judge Schofield in the superior criminal court to serve a term of not less than ten and not more than fourteen years at hard labor in the state prison at Charlestown.

The sentence followed a dramatic statement by King, in court, during which he reviewed the story of his life, his flight from Boston, and his travels in England, France and Ceylon. He declared that he was innocent of any wrong intent in any of his acts, and in closing his address he accused Thomas W. Lawson of secretly fighting him and bringing him to financial ruin.

The Disturbing Telephone.

"The telephone has destroyed all the privacy of society," said the society girl. "It breaks in on everything. Nothing is sacred to it. You may be saying your prayers. The telephone. Or in the midst of your bath. The telephone. Or doing up your back hair, or worst of all, a delightful man may be making love to you, when kiling, kiling! The telephone breaks off the thread of his theme and he fails to resume it."

The Japanese Bible.

It is said that when the Bible was translated into Japanese an equivalent to the word "baptize" was not to be found, and the word "soak" had to be used instead, so that the Japanese are acquainted with a person of the name of "John the Soaker," and with a doctrine of "soaking for the redemption of sin."

OBITUARY.

Mrs. George Weaver

The funeral of Mrs. George Weaver will be held at 11 o'clock tomorrow morning from the residence of her brother, Cornelius Wilcox, at 1013 Bennett street. Interment will be at Jefferson, Wis., the corpse being conveyed to that point on the 12:45 train in the noon hour.

Mrs. Weaver is a ten-year resident of Janesville, having come here from Jefferson. Surviving relatives are three nephews and nieces and her brothers, Cornelius and Russell Wilcox, the last-named being in Los Angeles at this time.

MINE VICTIMS BURIED FOREVER.

Fire in Litter Shaft Causes Belief That Remains Will Stay There.

Harris, Ill., Jan. 14.—Although officers of the Zeigler Coal Company said Monday that the bodies of the 20 men killed in the Litter mine by an explosion Sunday had been recovered, it was said at the mine last night that seven bodies still remain in the workings. It is probable that they will never be recovered, for a fire is raging in the mine and yesterday a state mine inspector gave Joseph Leliter orders not to allow anyone to venture into the mine until the flames and gases are smothered. It is expected the mine will be sealed and that it will not be opened for several months.
